

Dear Mr. Gonzales,

Thank you so much for coming to our class today and showing us your artwork. I loved your artwork and how creative and personal your characters were. My whole family is full of artists but I've never seen a cartoonist's artwork. I was so amazed by how much your cartoons are influenced by your real life. I'm excited to read your next book. I was sketching at home and here is what I made. flip page

Thanks again!
